

# IMPORTANT DISTRICT-WIDE INFORMATION ABOUT THE HYBRID MODEL

- Why Hybrid? Why now?
  - Governor Lamont & Commissioner Cardona have now made the Hybrid model an option for school districts whereas at the time we had to initially submit our plan, the Hybrid model was not an option.
  - The Hybrid model allows schools to have approximately 50% of students in the building at a time with 50% on distance learning, and the Hybrid model allows the school district to designate one school day a week for highly intensified deep cleaning.
  - Griswold Public Schools has joined with many other districts in the region to begin the 2020-2021 school year with the Hybrid model. At this juncture, our plan is to start the school year with the Hybrid model, reassess, and then eventually move to full-time, in-person learning.
  - This cannot be emphasized enough: The information flow with school reopening changes weekly, if not daily. While this may be frustrating, please know we are doing our best to address the changes and make informed decisions for Griswold Public Schools.
- We will follow the Hybrid model below. Here are some important considerations:
  - Monday, Tuesday, Thursday, and Friday are full days of in-person learning for 50% of our student population. On those days, 50% of our student population will be on distance learning. On Wednesdays, all students will be on distance learning to allow for our custodial staff to focus on one full school day of intense, deep cleaning.

- Under the Hybrid model, can parents and students still opt for district sponsored full remote learning?
  - Yes, and such students must complete our district learning form and submit it to the school, preferably before August 20th.
- Will the Hybrid look differently at each of our four schools?
  - While all schools will follow a Hybrid model, there are subtle differences. Each school will have a sheet like this to provide an overview of the Hybrid model.
- On Wednesdays, will the buildings be open?
  - Yes, our building offices will be open and administration will be available.
  - Select staff will be in the buildings depending on programming and student needs.
- Will bus transportation be provided?
  - Yes, bus transportation will be provided. We will work closely with STA-Griswold to ensure that students are transported to and from school on their required days.
- How does cafeteria/food service work?
  - For in-person learning on Monday, Tuesday, Thursday, and Friday, we will follow our normal cafeteria/food service schedules.
  - Grab & Go Service will be available for all students who are opting for distance learning on Monday, Tuesday, Thursday, and Friday.
    - For students who are eligible for free and reduced lunch, the “Grab & Go” lunches will align to the free and reduced applicability.
    - For students who are not eligible for “grab and go,” meal prices would apply.
  - Grab & Go Service will also be available on Wednesday for all students.
  - Grab & Go Service will operate daily at GMS from 8:00 am-9:30 am.
- What will the first two-weeks of school look like, given the shortened weeks and half-days? That is a good question, as the first two weeks will look slightly different. Here is the schedule below:
